

Dr. Farrar Wakefield Howard Sr.

November 16, 1924 - September 1, 2016

Dr. Farrar Wakefield Howard Sr., 91, graduated to Glory on September 1, 2016.

He was the youngest of four children born to the late Samuel N. Howard and Malissa Brinder Martin. Dr. Howard was raised in the Glen Echo community of Henrico County and was a 1943 graduate of Highland Springs High School.

During WW II, he served as a gunner in the U.S. Army Air Corps. Following his military service, he began his studies at the University of Richmond to become a physician, fulfilling his call to care for others. He graduated in 1949, and four years later received his medical degree from MCV. In 1950, Dr. Howard married his beloved wife, Jeannette, who had earned her nursing degree from MCV. They moved to Charles City in 1954 where they raised six children. Through their family medical practice, they served Charles City and New Kent Counties, meeting the needs of families within 800 square miles.

Dr. Howard was a faithful Christian servant. For 45 years, Dr. Howard was active in Mt. Pleasant Baptist Church as a Sunday School teacher, lay preacher, deacon, and choir member. He led a team of 13 doctors and nurses on a medical mission to Antigua in 1983, and was part of a Budapest, Hungary evangelistic team in 1992. During the 1980s, he aided in the Supervised Ministry Program of the Southeastern Baptist Theological Seminary. In 1995, he served as moderator of the Dover Baptist Association. He was also a longtime member of the Baptist Medical Dental Fellowship, and in recent years, Dr. and Mrs. Howard graded test papers for the Gospel Jail Ministries.

An American Tree Farmer since 1958, Dr. Howard was appointed for consecutive terms to the Virginia Board of Forestry by Governors Wilder and Baliles. During those terms, he served on the board of directors and was instrumental in the 1991 passing of House Senate Joint Resolution No. 318 for the benefit of tree farmers. In 1997, Dr. and Mrs. Howard were awarded the National Outstanding Tree Farmer Award for their Mapsico tree farm in Charles City County.

Dr. Howard served the Commonwealth of Virginia for 30 years as a state medical examiner and for 20 years on the medical examiner's draft board. He also took part in a 1974 Civilian Fact Finding Mission to Israel with Senator Harry F. Byrd.

In 1946, he joined the Masonic Order and was a current member of Mann Page Lodge No. 157 AF & AM in Providence Forge. He was recently recognized for serving as a Mason for 70 years. Dedicated to his community and its citizens, he volunteered as the team physician for New Kent High School, gave generously to many causes—including the formation of the Providence Forge Volunteer Rescue Squad in 1962 and the Heritage Public Library—and was an honorary member of the Chickahominy Indian Tribe. In 1976, as part of America's bicentennial celebration, Dr. Howard helped form a community choir and was honored to sing at the White House. He was also instrumental in restoring the historic name of G.W. Watkins to the elementary school in New Kent.

Dr. Howard was preceded in death by a great-grandson, Hawkins Bowman, Jr.; siblings, Marshall Bradford, Evelyn and Mildred; and nephews, Howard Lee and Marshall Brown.

He is survived by his wife of 66 years, Jeannette Adele Windsor Howard; six children and their spouses, Farrar Jr. (Wakie) and Rose Howard, Samuel and Joanne Howard, Martin and Debbie Howard, Ruth and David Hennaman, Bradford and Sharon Howard, and Bruce and Betty Howard; 16 grandchildren; 18 great-grandchildren; and many nieces and nephews.

No one could question Dr. Howard's dedication and love for his family, patients, community, and country that stemmed from his faith in the Lord. He strongly believed that human life is sacred; is composed of body, mind, soul, spirit; and is exhibited by love for God and others. As a physician, he and his staff never failed to offer their best effort, regardless of social position.

He will long be remembered by one of his favorite sayings, "The love you liberate in your work is the love you ultimately keep. Your life and mind shall be valued...not by what we take...but by what we give."

A memorial service will be held 3 p.m. Sunday, September 18th at New Kent High School, 7365 Egypt Rd., New Kent, VA 23124. Memorial contributions can be made to Mount Pleasant Baptist Church, 19300 The Glebe Ln., Charles City, VA 23030, or to HopeTree Family Services, P.O. Box 849, Salem, VA 24153.

“ I am deeply saddened by the news of Dr. Howard passing. My deepest sympathies go out to the Howard family. May God give you the comfort and peace that you seek and may Dr. Howards soul rest in peace. Dr. Howard was truly a remarkable man. I will never forget how he treated me when I was the first African American to play on the Charles city High School basketball team during the sixties. I played along with his son Wakie and Dr. Howard always made me feel welcomed and cared for. Dr. Howard became to be a great friend of my father and family over the years. He will never be forgotten.

“ My wife and I met Doc Howard at the Kentwood Heights Baptist Church. He and his wife were very social and gracious. I would run into him from time to time while I worked for his son, Wakie. I was always impressed with how humble and giving he was. He was a fine example of what a Christian is. What a wonderful person, he will be dearly missed.

“ We have wonderful memories of Dr. Howard . When we first moved to New Kent, when my son was about 1 1/2 he spiked a high fever, I wrapped him up and took him to the office, Dr.Howard yelled at me for bring him out to the office, he stated that he would have come by after office hours. Told him I did not know Drs. still did house calls, He said this one sure does. . Dennis and Helga

“ Our family has many wonderful memories of Dr. Howard. He was our family physician when we moved to Charles City County in 1956. We saw him in his office and when he made house calls in the evenings. He would meet us in the middle of the night in his office or at the pharmacy when we need some medicine. Dr. Howard was an incredible human being. His love of God, family and everyone he met was always visible.

We send our love and prayers to Jeannette and the entire Howard family.

“ I was just talking to my momma (Jean couch) she was telling me when we were just 6 weeks old she was crying and stuff and she called Dr Howard and he said go to bed I will be there soon. When he got there and saw us twins (vicki and Ellen) he said we were so cute could he take one of us home! So much love has left this earth with his passing, but he made a greater world when he was here

“ I am honored and humbled to have worked with Dr.Howard from 1982 until his retirement. He was a true healer and friend to all. It did not matter if the malady was in mind, body or spirit he would do all he could to make it right. He was a unique example of what medical practice could be at its best. We are all better and our lives richer because of him. He made manifest Christian love for others in his daily life.

“ During the 1960s-70s I was a young evening and night supervisor at Stuart Circle hospital Many times Dr.Howard would call to say that a patient was on the way.He always started by saying,"Farra Howard here".He was one of my role models throughout forty six years of nursing.What a man!What a legacy!The world was better for him having been in it.I am better for having known him.
I feel God must have smiled when he reached the Pearly Gates and said,"Farra Howard here".
My condolences to the family,especially his sweet wife.

“ Living on the same street with Doc and Jeanette Howard was a blessing, as I ended up with all Howard's as friends. One Christmas, the family decided to resurrect the blue lighted Christmas tree, which required the Howard boys to climb the tree and replace blind. Plans were made for the illumination And for the live animals. Hot Chocolate and enchanted children, Christmas carols and joy...and fellowship. I give thanks for Doc and for being part of the time in our lives. Becky DeCamps, formerly Becky Platt.

“ May God hold the Howard family in his hand and give them the comfort and peace that they and Dr. Howard have given so many over the decades. Dr. Howard was (is) a blessing to our communities, New Kent and Charles City Counties have lost a treasure and a true hero. No one will ever know the true service that this man of God provided to the citizens of our area. He never sought the fanfare he deserved for the many investments he made in our community. He invested heavily in the lives of many others offering friendship, mentorship, financial support, educational opportunities, love and faith and never asking for any recognition for all he and his family have done. I can tell you he served God faithfully in every facet of his life. He provided such an example for us all to aspire to be and he set the standards for us all to strive to reach. The entire Howard family is such an asset to our community and this is due to Doc being the father he was. America has lost a hero - one who served his nation in war and his community daily serving in God's image. Doc we love you and we will do our best to honor you in our lives. God bless Doctor Howard and the entire Howard family as they have blessed us. Rest in peace my friend,

“ I met Farrar many years ago, when he was on the pastor search committee of Mount Pleasant Baptist Church. For reasons I still do not understand, I was called to Mount Pleasant and served as pastor for five years. Two specific memories: Shortly after arriving, Farrar and Jeannette took my wife and I to the "finest eating establishment in all of Providence Forge," i.e., the Sportsman. We were looking over the menu, and Farrar said, "Order the chicken. It will be the best chicken you ever ate." I did, and it was. I rather bathed it in superlatives, and finally, Farrar said, "well, it ought to be good. Curtis hasn't changed the grease in 35 years." I still chuckle over that one and love to tell the story.

The other story spoke of his belief in mission, especially local mission. It was about 1984, 1985, when Farrar and Jeannette and my wife and I were sharing another dinner together. They both felt like they were being called to help birth a new church start in New Kent County. They were leaving Mount Pleasant, not for negative reasons, but for very positive reasons. I remember church members expressing concern for their leaving, but as usual, Farrar was right. Mount Pleasant remained strong, and the New Kent church had a wonderful beginning and early years with one of the best lay people you could possibly have as a church member and leader.

In thinking of his legacy, it occurs to me to use the metaphor of his beloved tree farm. I remember how proud he was of that place, and in reflecting over his life, I think of his being the towering tree amongst the people of New Kent and Charles City counties. I think of his children, and his grandchildren, and his fellow members of churches, and his patients, and his communities that so enriched him as being the grown, maturing, and even seedlings in the great forest of peoples in those communities. His was, and is, a forest that will stand for generations.

“ I first knew doc as a decon in my church. We bonded over a sick fawn. I was a child and he made a house call from church to see a sick fawn. It was a moment of tender emotion and life lesson for me. He became my life long friend and mentor. My second daddy I called him! He laughed and we would talk. Later I worked for him and helped set up office in P.F. I amazed at his treatment of humanity at all levels. His acceptance of all. He practiced what he preached, in a quite and humble way. Not a day gos by, that I do not think of him. Not a patient sits in my office that they don't get a dose of what he taught me.

See you soon dear man!! Love to the family!! You carry on his legacy! You are amazing to!
Love you all, Linda Graves Hall

“ I would like to extend my sympathy to the Howard family on Dr. Howards graduation to glory. I first knew him when he made house calls to our home when I was an early teenager, then at the office in Charles City at Steriling Heights. While playing on the football team at New Kent he was always in the locker room and along the sidelines looking out for his boys. In later years I discovered that we both had a fascination with tugboats as he would take trips on the Evelyn Doris with Norris Wooten.

He has been such a big part of many things in New Kent .
