“ I wish I could've had more time with you. We were more like sisters than sister-in law. we had a lot of fun together. I will always cherish the memories of our time together. Rest in peace my sweet sister. I was thinking of the time we went riding and Dixie threw you. you hurt your leg and we told my dad that you fell off the fence because we didn't want him to know that you were thrown. Love you!

“ I have so many memories of you my beautiful sister. You were always beautiful !  
The two things that stand out in my mind about you, is one time you were riding your bike and I guess you were about 8/9 and you had the most beautiful long blonde hair; Mother came in and found blonde hair all over the bedroom floor and went looking for you!!!  
When she found you , all your hair was chopped and some spots cut to the scalp !!!  
She ask you what happen and you told her it kept getting in your eyes so you cut it!  
She took you to Mrs Husteders Beauty Shop and she told Mother she couldn't do much until some of it grew out!!  
The other thing is really on me and Robbie. We all went to someone's house they gave us some beer. You were not use to drinking and had a little to much! Robbie and I tried everything to try and sober you up, but you thought it was all funny. We drove on home and tried to be as quiet as we could gettin in the house and all three of slept in the same bed that night. We hadn't been in bed five minutes till you got sick. We got you in the bathroom, but you woke Granny up and she wanted to know what was wrong with you and you thought it was so funny, but Granny figured out you were tipsy and boy did she chew me and Robbie out for taking you out and letting you drink..Granny was really upset and that's

one thing you never want to do , is upset Granny!!!

It was funny years later, but none of us were laughing then , but you!

We talked on the phone a lot until something happen to you several months ago. I miss hearing your voice.

Love you to the moon and back!
