“ Living life without you is something I never wanted to experience, but I know you are watching over me, smiling when I crack one of my stupid jokes, consoling me when I cry and laughing when I fall up the stairs. You will always be with me in my heart because 1/2 of my heart will always be reserved for you. I will live every day for you because you are a part of me. I will be the person you love and live on in the memory of you.

I will love you for eternity, my new guardian angel and forever best friend.
