“ My thoughts and prayers are with you during this difficult time. I was so impressed with Mr. Verlander's honesty. I stopped by once a week for my dozen of crabs. He knew I liked them fresh and if they weren't cooked that day he would tell me I did not want them. He will be missed.

“ Aunt Lottie and family, I know you all know how much Uncle Robert will be missed. We will always have the memories of the family reunions at your house for years to come. I know it was a lot of work for him, but he always seemed so happy to have everyone there. One of my favorite childhood memories of him, was seeing him in the Safeway in Kilmarnock when we would come up to spend the weekend. He will truly be missed. Love to you all.

“ Lottie and Family so sorry for your Loss. Uncle Robert was a kind man and never seen him when he didn't have a smile. Will always remember him at the fruit and Veggie stand. He will be miss.

“ I have many many fond memories of time spent each summer with Uncle Robert and Aunt Lottie at Mamma's place on the river and then at their home in West Point. Two very special people they are to me. Uncle Robert always treated me like one of his own right down to dictating what I had to eat :) We a story about that when I was fortunate to find out in time that he was very sick last week and was able to visit with him. So many good times, so many stories but that one got a laugh out of him last week and I'll cherish the memory of that along with the story. A simple a story but a memory nonetheless, Uncle Robert at supper time during one visit insisted that I eat my squash or I wouldn't be going to the Carnival. I couldn't miss the high point of my year, the Kilmarnock carnival so I had me some squash and promptly brought it back up right there at the table with all the family and Mamma. I did go to the carnival that year and I'm sure I had some of the home cut fries in a cup but avoided any more squash. I DO love squash now and broccoli as well (that's an Aunt Laura story) but not as much as I Love My Uncle Robert and Aunt Lottie, the mold was broken after Aunt Lottie and she has been a lifelong support and partner to Uncle Robert through thick and thin. I Love them so very much and will miss Uncle Robert but I'll be reunited with all that have gone before me one day in the everlasting kingdom of our Lord, God and Savior. Farewell for now Uncle Robert put a plate of vegetables aside for me, we'll be together again. Peace and Love to all of the family I know you're going to miss him but we can all be comforted in the long fruitful life that he led and the way he touched us all. - Harvey Jr
