*Dear Tanisha, I am very sorry to hear about the lost of your father. I will keep you and your family members in prayer. We attended Ruthville High School together. He loved living and was full of life. When a seed is planted it must die before other seed can grow. So when an individual passes on and is no more we await the resurrection of them to life again: very much like the seed that lies dormant for a while and then we see new growth. At John 5:28,29 The bible stated that those who are asleep in the memorial tombs will hear his voice and come forth to life again. When they arise they will not be sick, feel pain, grieve, sorry, or have the problem that we are use to today. Revelation 21: 3,4 say all of the former things that made life unpleasant will be gone forever. Sending this message of comfort and hope. Death is one condition that one day will be permanently remove and this is guaranteed in the bible at Isaiah 25:8*
