“ Daddy,

I could write all day, probably longer the things I want to say, but you would tell me to "hurry up Heather Doll", so I'll say this. You are so loved, you were the best Daddy and Papa I could have asked for, I learned so much from you, how to keep my word, when you do a job you do it right and with pride, help others, mostly Thank you for loving me, for always being there when I needed you, no matter where I was. Without you, I couldn't have raised my 2 babies. They miss you so much too, we will keep you in our hearts until we meet again in Heaven and I can have the best Daddy hugs again.

“ *I have worked under Andy at multiple projects as a subcontractor. He was one of my favorite people to work with. He was demanding, but also the first to help you achieve the goal required. I had no problem shifting into the next gear on his projects because he was right there with you, working just as hard if not harder. He taught me a great deal and I am glad I was able to know him. Condolences to the family.*

Thank you for this memory. It sounds just like the type of man my Daddy was. I wanted to help bang nails once, he was using the nail gun. He came back with a hammer and nails and told me I had to know how to do it the old school way before I got to play with the toys. Best wishes to you, Heather

“ I first met Andy when he was about 16 years old, and even then he was a great kid. Time passed and of course, everybody went down their own path, and then I ended up working with Lyn. She was just as sweet as Andy. They were a perfect match. I'm so sorry for your loss, Lyn. May your memories give you comfort. Hugs.

“ Andy was special! Like Henry Ward said, we were blessed to have Andy as a friend. He always had a smile and always looked like he was up to a little mischief. Andy and Lyn made a great team. I remember dressing Andy up as one of the wise men for the drive thru nativity at Liberty Baptist years ago. He really thought he looked good in his crown and fancy robes. He has left a wonderful legacy for his friends and family. We'll miss you, friend.
Love to you, Lyn and to your family

“ That man could bowl like no other. Well yeah James always kept him on his toes. Andy was a man that would do anything for anyone. His love of family was beyond anything. That was instilled in him. His family was nothing but love to anyone they met. I was one of the lucky ones. Let your wings guide you my friend. Your work on earth is done. Fly high with the angels. And give hugs to James.

“ Andy was the site superintendent on our church's recent building project (LifePointe Christian in Toano). It is fitting that his last build was a church building. Andy loved Jesus and Andy loved his family. I had the privilege of spending ten months working alongside Andy while we were under construction. He was always willing to go above and beyond and he always treated everyone with such kindness and respect. I enjoyed our talks about church life, walking with Jesus, and him telling me all about his family (that he adored). What a great man who leaves beyond a rich legacy. I am a better person today having had the chance to get to know Andy. Our church is thankful for him and we continue to pray for his family.

Andy was a good man of character. I remember growing up with him. My parents would pick him up for church. He said when he grows up he wanted to be a preacher. He didn't get that far but ,he did spread the word. Go rest high on that mountain Andy with the rest of your family in the circle of God. Loved you much. Aunt Carol Ann
