“ *Delores and family, I'm sorry to learn of the loss of your father. I heard his name mentioned many times in my home growing up. I know he and your mom were well thought of by my parents. Delores, your love and talent for music has always been a gift and the apple doesn't fall far from the tree! My prayer is for peace and comfort through your memories and the love of friends and family in the days ahead. God Bless, Michele Smith*
