“ I have been friends with BJ since our Day Reporting days. I spent two weeks at the outer banks with her this past summer and a week in the mountains in September. We were planning to spend more time together after her retirement. I am deeply saddened by her death and I will miss her very much.

I am in Australia and will be unable to attend the service. I hope to visit her resting place.

Rest In Peace my friend.

“ My condolences to BJ's family. BJ was someone who always had answers when I had questions. She helped me a lot when I first started at the Parole Board. We shared a love of dogs and I'm sure Miss Dixie will miss her.

“ B. J. was a friend as well as my ex's PO. We shared many a laugh before she went to Probation and Parole and stayed friends as well a clients for many years. I lost touch with her several years ago and was saddened to see she had passed at a relatively young age. My prayers and sympathies go out to the family.

“ *Very sorry to hear this. We worked together at DOC years ago and she attended my wedding with other coworkers. She was a pleasant, sociable person I enjoyed getting to know. Laura Cross*

“ *B. J. was a bright person with her own style. She directed the first Richmond Day Reporting Center and started the first Richmond Drug Court in support of Judge Don Lemon. She also coordinated the initial compliance with American Correctional Association's national standards for Adult Probation and Parole Field Services. She served the Department of Corrections and the Parole Board well. May I extend my sympathies to her family and friends ?*

“ *BJ was a member of the VADOC family for many years. I first met her when she was a P&P Officer in District #1. BJ was a dedicated public servant.*

My heartfelt condolences to her family. May you find peace and comfort in God's love during this difficult time.

*Sincerely,
Donna Lawrence*

“BJ and I had career's that paralleled each other for 25 years and we're co-workers for the past 15 years until her retirement. She was a good person, co-worker, friend a professional who looked at every one at face value. Her last 4-5 years may have been plagued by illness but she persevered when most would have given up. I hope she's sitting on a beach somewhere. She is missed. Condolences to her family

“I'm so sorry that BJ did not get to enjoy the retirement phase of her life. We began DOC work at the same time and worked at the same office for many, many years. My condolences to her family members - she will certainly be missed. I'm sorry that I will not be able to attend the 12-2-17 service - I will be there in spirit. Prayers.

“BJ and I enjoyed many travels together in years past. We went to the beach as often as possible but also enjoyed trips to her mountain place in Virginia, water locations in Florida and South Carolina as well as one "blues cruise". Since we were both single and worked for the state, we both had leave to burn and places to visit! Once I got married a few years ago, our travel together was limited but we kept in touch and I was happy to see she finally got to retire from the state. I know she had health issues but was really hoping she would enjoy her retirement as much as I have for the past several years. I am very sorry she will not be able to reap the benefits of her long hard-earned career in corrections. My deepest condolences to the family. I know BJ would have wanted her dog to get a great home and I hope you all are able to arrange that! She loved her babies!!
