“ You are one of those whose candle burned so bright.
Everyone who knew could see your inner light.

Ive never known a purer soul,
and for the special ones like you, I know life takes its toll.

Until we meet again some day,
I 'll carry you in inside my heart, and see you in my dreams.

“ To our B-
It was our honor and privilege to have known you.
You were the kindest to all even when others were not.
We will continue to celebrate your life, friendship and the life
lessons that you taught us all.
We will look for you in the sunrises my dear.

Love,
Ms. Julia and the Windsor Marching Dukes family.

“ B you were beautiful when you were born as well in your life. I loved our seafood dinners out ! Your favorite food. I will never forget the time you told the waitress you wanted oysters on the half shell raw and she looked at me like really. She was only 4. The rides we took in the Blazar, and the convertible, always had to be down. Our many hiking adventures. Camping trips adventures to collect rocks. All our many weekends making my living room into a tent city you and Dacota. Our trips to Al's in FarmVille to horse back riding, feeding chi hens, feeding hay to the cows. I enjoyed watching B growing up. Our time in the hot tub at the beach. All the campfires and s'mores she loved a lot. All the festivals and your first concert on your 16 th birthday . We enjoyed just being together and watching movies. I was so scared when we had our bad snowstorm, loss power and had to get you back home safely for Santa to come that night. John enjoyed you in the pool. Many days in the pool. Shopping was always fun. I will never forget the hugs, kisses, and love she shared with me. Thank you Piper and Bryan for giving me your child anytime I wanted, I will truly miss her . She will always be with us in our dreams and our heart. Love always Angel ❤️🙏
