“ I met Brandi 18 years ago through my husband Jason, and her husband Woody. We all worked together back in the day. And I'll never forget the first time we met! She greeted me as if she had known me her entire life, with a tight & welcoming hug. We instantly became friends. We both shared a love for animals, especially horses as well as rescues of all kinds. She was a true friend and It didn't matter if it was daily talks / visits, or months in between, her loyalty never ever changed. I watched her battle her health, and struggle so much at times, yet she kept on going. Her husband, Woody is also a dear friend, and he did everything in his power to take care of her and keep her dreams alive, even when her body couldn't at times. She had a Heart as big as this county and she prevailed no matter what she faced. I Love you girl, and I will miss you. Your pain is over and it's your time to Shine up there, watching over those you left behind. Ride your heart out up there Brandi.❤️
Love,
Rebekah Meadows
