“ remember meeting Big Carlton back in year 2000 when I met Bernice. He was the sweetest person that always laugh, took care and loved his family, always helping and fixing things for people. He took me in as his sister and I took him in as my brother. I'm gonna miss seeing you when I come down to visit Bernice. But I promise you I will be there for my sister and my nephews. We needed you here but god needed you more may your work here on earth be done as you rest in heaven. Love your sister Tamiko.

I’m also going to miss pulling up at your house and seeing you walk around the yard with a rag in your hand that just lets me know you were under the hood of a car working hard. *Bernice and family,  
When I heard of Carlton passing, I could still see your perfect smile relieving you of the pain. Your smile is your gift that will carry you through this difficult time. Smile when you see your husband in your children. Smile when you remember the joy of having a legacy in your children's giftedness and craftsmanship. Smile when the pain is a memory, a touch or a quiet good bye of days gone pass, knowing that tomorrow brings love beyond any boundary . It will be difficult no matter,so hold your children close and lean on the Lord for strength. Never forget that grieving is a way to show love that never dies. Healing pulls from memories of joy,laughter,close-ness and comfort. Hold your family's hands tightly and build a bond of protection, togetherness and warmth that will bring a quiet scream of solace in the stillness of the day to your soul when least expected. Be blessed and know there will be better days to come.  
Loving you and yours,
