

Carole A. Whittaker

June 28, 1942 - October 4, 2019

Carole A. Buntin Whittaker, 77, passed away Friday, October 4, 2019 at Edgeworth Park of New Town, Williamsburg, VA after a long fight with Alzheimer's. She leaves behind her husband of 57 years, Robert C. Whittaker; daughters, Lisa and Susan; and granddaughter, Makalila.

Carole and Bob owned and operated Vicom Photographics in Rockville, MD for many years before the couple moved to Virginia. In her free time, Carole enjoyed knitting, crocheting, needlepoint, sewing, reading and completing puzzles. She loved watching wild life, walking around Colonial Williamsburg and taking rides down the Colonial Parkway, but more than anything she enjoyed spending time with her family.

Carole was preceded in death by her parents, Bruce and Martha Buntin; grandparents, Hattie and Paul Detrick; great-aunt, Sis Stansfield; and aunt Edna Curtis.

There are no services planned, but Carole's brain is being donated to further Alzheimer's research before she is cremated. In lieu of flowers, please consider donating to Alzheimer's research in Carole's memory.

“ *Carole was such a great friend and person. We loved her very much. She was always there when we needed her. She took care of our whole family. She was part of our family. She always made us laugh. We are really going to miss her laugh and craziness! She was the best.*

DI

“ *I was fortunate to have met Carole through C&F Bank where she came in quite often. It was always a pleasure to see her and she always had that smile on her face. We have missed her being able to come in. Bless you friend. You will still be missed.*
