“ Today is a very sad day for me. Today I learned of the passing of a wonderful person who helped changed my life for the good. It started when I first met Chad attending college in 2000. He was pretty much my professor for the majority of all my IT classes. During those 4 years I came to think of him as a friend and mentor. I would like to think we had a special friendship. He helped me through my 4 years of college, he helped me land my first IT job at the library and just helped me through a rough time in life. After college we continued to stay in contact trying to get together for lunch every couple of months or longer. I will truly miss those days. Chad was such an amazing person. He had the kindest heart, wonderful personality, best sense of humor and would tell you like it is.

You will be truly missed! You can officially finally say you have one job now and that is to rest peacefully.

I will always remember you as a friend. Many thanks to the day you took me to play miniature golf and lunch in Williamsburg. One day soon, I will go back there for lunch in honor of you.

“ When I first met Chad he was in to art work of which I have to prints from his shop He was dating my best friend, Gloria. He was to be the love of her life and so I was happy for them both,. That was over 30 years ago and it is hard to think of him not being in her life from now on..She will be lost without him and the life they had made together. .Please Lord, send her your sweet peace and Bless her in her time of need. Gloria and I have been friends for almost 60 years, and I have felt her pain every day since Chad got sick. She is the sister I always wanted, and I will be there for her and help her in any way I can. Dear Lord in heaven wrap your arms around Gloria and hold her to you heart until the time comes that she can deal with the lost of the love of her life ,Chad. Give that peace that passes all understanding and let her feel the love of the people who know her and Chad...Send angels to take Chad home. Lord,give him a heavenly home in which he can wait for Gloria to join him when it is her time to go home.Amen Thank you Chad for the love you gave Gloria and the time that you and her shared together. rest in peace. “ When Chad started running Makemie Woods he came to me and introduced himself. I had a gut feeling soon as I met him that we would get along great. So with my personality I said "Chad Rockett"? Well that sounds like a cartoon characters name or a super hero! He said OH a smart a#! He was a great boss,mentor and friend. He encouraged me,and pushed me because he had faith in me that I could handle working at camp by myself as the caretaker. I am so grateful to have met him and Gloria. She was the love of his life, his eyes twinkled every time he spoke of her. The world and myself will miss him and his sarcastic wisdom. Rest easy my friend. Hugs to Ms.Gloria and his family. Tessy
