Charles was a sweet handsome man. He was a good friend of mine and I loved him dearly as a friend. I didn't even know he had passed until 2022 I was shocked and very upset.

“ Charles was my best friend growing up. We lived close to each other from 4th grade through high school. We played baseball together in little league and pony league . He was a very good DB/linebacker/ punter in high school. We spent our high school years hunting and fishing . Used to drive Charles and Janet to school our last 2 years of high school. Miss him . A blood brother who actually saved my life. He left us too soon. My prayers are with his family.
