“ Hey Handsome, It's been over a year since your family and friends have physically seen your smile but, you are in everyone's hearts and thoughts daily. I know that Katelyn was the love of your life and how much you treasured her, Addie and Joseph. They are surrounded by love but miss you terribly. You laid a great foundation for all of them and Katelyn is doing a wonderful job raising the children and keeping your memory alive for them. I know that your presence is always around. At my lowest moments you send messages that I treasure. You will always be one of Nanny's angels. You are loved and missed forever.

“ Hey Handsome.... I want you to know that YOU made a difference in your lifetime. You were consistently there for your family and friends and always let people know that they were special. You supported, comforted and strengthened all those around you. It's apparent from those you worked with that you loved what you did for a living and your future was bright. When you talked about Addie and Joseph the room lit up because you loved them so dearly. I don't know why God took you home so soon but I know that I will see you again. Until we meet again, rest in peace angel. You will be missed and cherished forever.

“ *NO MAN EVER WORKED HARDER. That's the highest praise I can give any man. You have been a friend and employee since you were 12 years old. I have the last gun that I traded off of you. A ruger 1911. That weapon has been fired for its last time. It will now hang on the wall in main office of Burks Farm as a memorial unto the first and finest employ I ever had. RIP my friend I'll bring a gun to trade and a deer to skin when I meet you on the other side.*

“ I will never forget the great times with you CJ from the time we were all climbing trees in your dads woods and you slipped and got that big ole splinter in your leg or from the time I played my first game of paintball and you shot me in the butt cause I was scared of the pain and we both laughed until we couldn't stand or the time I busted my head wide open in the barber shop cause I was acting a fool and the best memory of all has to be the countless OBX trips we made with our families. I'm gonna miss you man love ya like a brother and this ain't gonna be easy for any of us to get a grasp on but rest easy my friend

“ When you work at the same place for many years your co-workers become your friends and many become close or closer than family. I was fortunate to have had the privilege to work with and know CJ. My heart aches for the Thompson and Doane families. Words can't express the loss. CJ was one of the hardest working young people I have ever come across; smart, dedicated to his family and fun to be around. Our workplace won't ever be the same with him no longer here with us. I hope that there is some consolation for his family knowing how much he meant to those who knew him. When someone so young is taken in the prime of their life, there is always the question why, and we left here on earth can never find that answer. We can only know that he was called for a higher duty. His DGS family will truly miss him as part of our team, our friend, our brother and we will keep him and his family in our prayers.
