“ Please accept my family's prayers and condolences on the passing of Dean. I had the pleasure of working with him at Dominion the last few years. I enjoyed our conversations on hunting and golf. He was a great help to me when I moved into the department. Rest easy.

“ John and I both were so sad to hear the news of Deans passing. We will miss him so much. His visits to our home brought life and laughter. John will never forget his love of homemade chowder / oyster stew. He would bring us fresh clams and/or fresh oysters and say, "when you make your chowder/soup, can you share with me". Thanks for taking the time out of your day to visit with us / to tell stories of your grandchildren / share recipes / take home samples of our dinners / pickup fresh fish. Our door was always open for you. We will miss you deeply. tears.....

“ Dean graduated from LHS the same year as me. We grew up in the same town. We didn't have the same circle of friends but we knew each other. After high school I didn't hear from him again. One day at work I was in a meeting for a new project and in walks Dean. I said "hey....I know you". And from that point we reconnected and became good friends. I am shocked and saddened by his passing. My thoughts and prayers are with his family and friends, both in and out of work. Dean was a good friend and I will miss him. Rest in peace, Mr. Mopar.

“ As tears roll down my face this morning thinking about you I just want to let you know that I miss our talks every morning when you used to drive to work. You used to call me every morning for the last 10 or so years as soon as you pulled out of the driveway and headed to work. We would talk for about 30 or 40 minutes until you parked your car in the parking garage and got into the elevator and told me you were going to lose signal which usually happened. I don't think I ever told you how much I enjoyed that every morning and if you don't mind I will be talking to you every morning through prayers just like we used to do. I love you and miss you so much!!

“ I had the honor and pleasure of knowing and working with Dean at Dominion Energy. He was always someone you could count on to do whatever it took to get the job done. We also had many opportunities to play golf and recite lines from Monty Python when our scores went south. I will miss you, my friend. God bless you and your family.

“ Dean was my baby brother, I'll never forget when he was born. Mom being German she would call him her little mouse and I would cry and yell at her and tell her he wasn't a mouse. He was always taking things apart, just to see if he could put it back together and of course he did. Mom went to look for some Cornish hens she had in the deep freezer and couldn't find them, you guessed it Dean got them along with a fry pan and cooked them in the woods with some friends. His cooking skills started early. He was my baby brother that had to have me crawl into his crib just so he could fall asleep. Dean I love you and will miss our talks
