“ I am so sorry for your lost. I am sad also to lose Debbie as she was always a friendly face the many times that I went to the library. Her laughter and kindness will always be remembered. I loved her attitude and her fun ways of handling things. She was strong through out this terrible ordeal. She will be missed by all her knew her I'm sure.

Love,

“ Debi and I became friends when I started working at Heritage Public library. We have been friends for about 6 years but it seems like we have been friends a lot longer than that because that was the kind of friend she was. She was always an easy person to talk to, and always eager to help. She would come out of her office to help whether you requested help or not. She self-taught herself on all of our library systems and became an expert on each new system. She was always ready to pass on what she had learned. I learned a lot from Debi, the Library will not be the same without her. I will definitely miss her. My sympathy to all of her family members.

“ Debi's friends at Heritage Public Library are devastated at your loss. We have so many memories that we could share -- how much our patrons loved her, the way she cared for her co-workers, the wonderful meatballs she made for us every Christmas, her WONDERFUL sense of humor that could lift you right out of the doldrums and lighten any difficult situation. Debi's delightful sense of humor often lightens difficult moments. She built a real patron "following"; that is, many of our patrons asked for her because she knew their reading habits and helped direct them to new authors that she knew they would enjoy. She is completely irreplaceable. She started volunteering at the library over 23 years ago. She formally started working for us May 19, 2005. We miss her already and will never ever forget her.
