“ Sam and family, we are so sorry to hear of the passing of your dad, we know the two of you were so close. Just know he is at peace and free of pain. He is with a lot of his loved ones and he and Joe probably are catching up on a lot of things. We will keep you and family in our thoughts and prayers.

“ There's no words to be spoken that would even come close to how this family feels at the loss of Dillard Newman (pawpaw). This family has lost way to many in the recent years and yet we stand by the grace of God that our hearts will heal and the pain will subside. Although we will miss our loved ones it would be selfish of us to want them to stay here on this messed up world full of pain suffering sickness let downs and overall sadness that we face on a daily basis! The memories that we hold dear are our strengths and shall never be taken from us! We are challenged to move on and use our memories of our families that has left this earth to teach our children to be strong for one day we all shall be gone and once again reunited in heaven!! I will never forget you pawpaw!!! I will carry your memories and the memories of meme and Gloria and my dad and so many more in my heart and mind! I love you!! May the fish bite forever!

“Dad..my heart breaks at losing you. I wanted to thank you for all that you taught me. For holding my hand when I was afraid..for singing me to sleep..you taught me to be a lady..but you also taught me to be strong. You taught me to fish and how to clean them!So much of life I learned from you dad.About growing gardens to raising honey bees..we will carry on as a family here til we meet again. I love you Dad!
