“ There are no words that can describe the great loss our family is feeling, so I won't even try. Given this is a Tribute wall - I just want to share some wonderful things about Donald. Donald had such a strong sense of family and was nothing short of devoted, kind, caring, and giving to so many. As much as Donald loved so many in his family and large circle of friends - his family many strangers whom he served through donating money, material items, food, clothing, time (SO MUCH TIME), and hard work. He did not give because he had to - he gave because he truly cared with great compassion and deep empathy for others. Donald was gifted in his sense of humor, music, technology, restoring old cars, and being innovative. Even in his volunteer work he was looking for ways to make things better and more fun for all involved. He always was seeking to lit others up by looking into their gifts and talents and if he could share his knowledge to help them grow and shine - he did exactly that, never seeking self glory - but always for the Glory of God. Donald would feel deep sadness for those he lost in his life and was quick to remind us that life is short and to value those you love - don't waste time on the petty stuff. Well Donald - our lives with you was cut way to short and I can't begin to express how hard it will be for many of us to fill that void left behind. I pray we will find the strength and courage to hang on to your inspiring nature, embrace life as we try to move forward and to rejoice in knowing that as you entered those heavenly gates that you were greeted with wide open arms as our Lord spoke those words we all long to hear - "Well Done my good and faithful servant". Love you Donald Lumpkin - the infamous "Seven" and so many you touched, will never the be same until we all see you again one day in Heaven.

“ My buddy Lump
We played sports together
We spent endless nights working on race cars
We partied together
We laughed together
We solve the world's problems or at least thought we had the answers
We cried together more times than I care to admit
Donald loved his family, loved his savior and we all loved Donald"lump"
I will see you again one day my friend.
Love ya brother...Chris
