*Toni,
Your mother was my therapist and a friend. She spoke about you and your family all of the time. She loved you with all of her heart. Your mother got me through one of the roughest times in my life. I lost my mother and we never got to make peace before she passed. Please know your mother loved and respected you. I am so sorry this so late however no one at her office would tell me what happened to her. I never went back to that office after she left. She was the only reason I continued therapy as long as I did! I pray that you are learning how to live without her somehow! You will never stop missing her, you will learn how to live without her! I am going to leave my number here for you or your family to call if you need anything!*

My prayers are with you during this difficult time. I was blessed to know Liz. I worked with her and she provided supervision for my LCSW. Christian Family

My mother and I would like to express our deepest sympathy. We share your pain, I will never forget the precious and friendly person, Liz was to all. We often had our social times at Potluck at church, she was a lively person and we will keep fond memories of her always in our hearts. We are sadden by her sudden death, but sorry may endure for a night, but joy comes in the morning. The entire family will remain in our prayers.
