“ Dear Brownie and family,
I am sorry to learn of your trial with Freeman's declining health over the last year. Fortunately for you and Freeman the God of All Comfort is with you all. May He give you wisdom and strength as you walk through your loss.

I smile when I think of Freeman and the trips he took with Bill and Will camping and white water canoeing and how he used to call Will "Onion."

Brownie and Family, Our thoughts and prayers are with you in this time of sorrow. Freeman was always glad to give his friends and neighbors a helping hand. Especially if it had something to do with a faulty carburetor. I will miss the regular back yard chats with my friend most of all

*God Bless

Dear Brownie and family, I worked with Freeman at the brewery and enjoyed his stories about flying his favorite RC aircraft. It would not take much to get him to talk about his favorite hobby. He will be missed by all who knew him. Please accept my condolences for your loss.

So sorry to learn of Freeman, a classmate, passing. We regret we did not stay in touch over the years. We had planned to attend the funeral but a family issue came up at the last minute and by the time it was resolve it was too late to come from Mechanicsville, Virginia. Our prayers and thought are with all the family. I know you will miss Freeman. Just remember the good times we all had with him over the years.
