

George Lee Euting Jr.

May 9, 1950 - March 25, 2023

Lee was born on May 9, 1950 and on March 25, 2023, he was called by God to fulfill his eternal life.

Lee proudly served America in the United States Marine Corps. During his tour in Vietnam, he earned three medals and was honorably discharged. Afterwards, Lee followed his passion for nature by beginning, owning, and actively leading two landscape companies, one in Tennessee, and then in Virginia. During his years in Virginia, Lee brought life and everlasting beauty to the Boulders Office Park and many other significant Virginia commercial and large residential properties.

He is quoted in the "Virginia's Oldest Trees" book for his crusade in saving a majestic Willow Oak deemed by certified arborists to have been alive during the signing of the American Constitution.

Lee is part of a large tightly knit family who share in each other's victories and sorrows. This family taught him to do every endeavor right the first time, to be accountable for your actions, to put others' needs above yourself, and the value of family in one's life.

“ Lee’s family and mine were very close in the early 60s before they moved from Richmond to Memphis. We did reconnect briefly via email several years ago. Always enjoyed the times back in the day that we hung out together.

“ Lee was one of my best friends when I was growing up on Woodman Road and he lived across the road. His father was the minister at the nearby Baptist Church. We loved to play in the woods behind his house and the church. I lost touch with him when his father moved to a different church. I had always wanted to reconnect but now it is to late. Andy Keller
