“ I am so very sorry of the passing of Henrie.
She was my aunt who has a child I spent many weekends with her and her husband Doug. I have so many fond memories of being with the two of them. I loved the way she would drive that old blue Firebird up and down the road at 90 miles an hour. As a kid I just loved it and egged it on.
I regret so much that after the passing of my father that we all lost contact. I have thought of her many times through the years.
I send my love and prayers to her children and all her friends. I wish I had seen this before today so that I could have come and paid my respects.
