“ I had the joy of working with Bert at NSA. Being new to the office, Bert mentored me. I remember his great intellect, excellent people skills and contagious laughter. Just thinking of him makes me smile.

“ Alison and family, My deepest sympathy to you all. I had the privilege and honor to serve with Bert at NSA for many years. His contributions to the defense of our nation and his professionalism were simply beyond reproach. With respect to his professional accomplishments, he was an even better person. Those who had the opportunity to cross paths with Bert were always better for it. To help ease the sadness within, I will turn to the many wonderful memories of time shared with him. May God bless and watch over all of you at this time. In friendship and respect, Les Stahl

“ There will never be anyone that can take Uncle Muggs place. He was a one of a kind uncle. He loved his whole family with everything that he had and he showed it each time he came around us. I may have lost an Uncle, but heaven gained a bright angel. I will miss your stories of our family. Enjoy your reunion with our other family members. I love you Unk.
