“ Libby and I were so saddened when we learned about Hugh. As you know, Hugh and I were classmates in school. We always had so much fun and good times in school and weekends. He was a special friend and I will always cherish the memories we had together. Our church prayed for you and your family Sunday. We hope you find comfort in knowing how many people cared about him and your family. He had the largest visitation that we have ever seen. His service was such a loving tribute that we all will remember. Our thoughts and prayers are with you and your family.

*Hugh Johnson was, simply put, one of the finest young men I ever knew! A 1964 WPHS graduate classmate friend he showed the kind of strength that every single one of the thirty plus Seniors that year looked up to in total admiration! I never saw or spoke again to Hugh after graduation but I always remembered him as the strongest guy in our class both in strength of body and in character. Rest In Peace Hugh, the family you left behind has everything to be proud of to remember you!*

“ Nancy,  
please know that you and your precious family are in my prayers and I lift you all to the Father who is the only one that can comfort you at this time. Hugh was such a wonderful man, such a kind and loving person with a beautiful spirit. I have had the pleasure of knowing you both for many years and what a blessing it is to call you friend. We were not just co-workers but close friends that shared our good times and hard times. Throughout the years both of you have so involved with your children and grandchildren enjoying every moment as they grew up. That is truly a blessing and one of the many blessings that God allows us. The wonderful times that you have made together will be precious memories to cling to for all of you. When we look around it can be hard to find a couple that has been married for a long time and still be in love. Both of you have been such a witness to Danny and I showing what true Christian love is. I can remember a time that I was in need (many times) and really wanted to have some of your famous ham biscuits. This was a very large function and I needed many! Well you came to the rescue as always. We sat at your kitchen table, cutting the biscuits as they came out of the oven, smearing each with butter and then the delicious country ham on each one. I was amazed that Hugh would sit right there with us the entire time helping us get those biscuits done. We had the best time talking and laughing together. It warms my heart when I think of you both and your wonderful family. I love all of you and know that you all will be there for each other. Just know that we are here and send our love to you all during this most difficult time.
