“ Jackie,

Jane's memorial was perfect! It showed her true colors in life; family, children, time for other people. I loved listening to each of the speakers share their stories. My heart was truly touched by these testimonies. I have my own and will continue to hold Jane in my heart as, "Friend". I think there is no greater legacy than to have conquered the admiration of children. That's a tremendous investment in this life.

For you and your family, I pray peace, comfort and many, many smiles and laughter as you remember and reflect on all of your many days, memories and moments spent together with wife, best friend, mother, in-law and grandmother.

You and your family will always be held close in my heart!

“ A special tribute to Jane (Mrs.Lee)

We will never forget the love and kindness that you showed our son. After school you cared for him, fed him, and let him spend the night. At his baseball games you always cheered him on. He said you were like a second " mom". You were always so special to us, Thank You. Greg and Marie Simon Sr.

“ Jane you will always be remember for your incredible loving and caring heart. Jane you treated us as if we were one of your own children and honestly I am sure that we all felt as if we were. I can not count the times through out my life that you have been there to either give me some.sort of helpful information, or pick me up when I was feeling down, you and Jackie helped me tremendously when my dad passed away and I plan on being there to help your family out along the way as well. Jane thank you so much for being a huge part of not only my life but my entire families life. You will always be remembered as a loving, caring, crazy awesome.mother to me. We all love you and may you ready in peace.

“It’s difficult for me to put into words just how much Jane, “Momma Jane”, meant to me. She truly helped raise me into the woman I am today. I confided in her over every obstacle I have come across in this life and she knew just what to say to put my nerves and anxiety at ease. I’ll never forget the countless memories of being in her home every day after school with a snack ready to go for homework time. They say people come and go throughout your lifetime, but this is not the case for Jane. She has been there through every milestone of my life (first day of Kindergarten, High School Graduation, College Graduation, and recently my Wedding). I know you loved Billy, Drew, Travis, and I like we were your own children and we all appreciate you for making us feel this way. Shanna and Jimmy, thank you for sharing your mom with all of us and making us feel like your siblings throughout the years. Jackie, I just can’t fathom the pain you’re feeling now without your right hand here. I’m praying for all of you during this extremely difficult time. I love you all so much! Here are some song lyrics that are helping me get through this time:

*“Knowing what I know about heaven
Believing that your all the way home
Knowing that your somewhere better
Is all I need to let you go
I could hope that I could pray you back
But why on earth would I do that
When your somewhere life and love never ends
Knowing what I know about heaven”*

“ This is hard for me to grasp and I know her family will be having a very difficult time as they all will be in why’s and what’s and whatever else that keeps all of us in wonder of Jane’s passing ... but as for myself I can honestly say that Jane was a one of a kind woman who never turned her back on anyone in need .. Her mold when she was born was placed on a shelf high up away from all harms of this world ! To me Jane never changed as she treated people the same as she did the first time she met them (Me) I think my relationship with Jane was good because whenever we were close enough to talk we were always joking, kidding, or trying to rattle eachother’s nerves. Heaven .. has gained a caring and loving soul !!!
