“*Rose and family, I was deeply saddened to hear of the passing of Janet who was a member of our NKHS Class of 1968. I had not seen her in a long while, but I remember her. We only had about 36 graduates from our class so each loss is special. You and your family are being lifted in prayer for peace and comfort during this time in your lives. God bless you.*”

“ *I have so many memories that were made with Janet especially since we were so close in age and my mother and I spent almost every weekend visiting with them. My first official date was with Corky Price and we double dated with her and Richard Andrews. In those days she was a very opinionated, hard headed and independent person. In her later years, not so much. Her diabetes didn't let her live life on her terms, took a toll on her over the years and affected her whole family. She handled it better than I would have. In the last few years, you could just see that her body and mind couldn't keep up with the constant battle and her spark for life just wasn't there. Through it all, her sister Rose Marie Schooff, provided excellent care, love and support. I can only hope that my son takes care of me half as good as I get older and need his help.*

It is comforting to know that Janet is no longer sick and is with loving family in Heaven.
