“ *I remember Jeryl as always being happy and jolly guy. I remember the days that Jeryl went out on the boat fishing and the great time he had. Even though we didn't catch very many fish, it was just good to be together. He thought he had caught moby dick when I pulled the end of his rod down while he wasn't looking, he swung around and started howling "I've got a big one", but his excitement was short lived when he realized what I did!. We all had a good laugh out of that one!! Jeryl will be sadly missed. Until we meet again friend/brother in law.*

“ Jeryl had a great sense of humor and could make other people laugh as well. Once he started laughing, his funny bone would take over and he would laugh until he turned red and tears were in his eyes. Jeryl had great tenacity with life and his job. Although there was physical and mental diversities in his life, from the time he was born, he still kept a positive attitude and always had a smile on his face. When life did get him down for awhile, he only shared that with people he felt he could trust. Jeryl loved day trips. After a day trip Jeryl would call me and talk for hours about the cool things he saw and found. Jeryl had a wide variety of topics he could have meaningful conversations about. Jeryl loved his cookies and milk. Even though my brother and I didn't see eye to eye on some things, I loved him and will miss him. May you rest in peace my brother. Until we meet again on the crystal seashore.
