“ Jill has always been a shining light in the world of so many. I have known her most of my life and consider it an honor for her to have called me her friend (and vice versa). I will not be able to attend the memorial as I am out of the county but I will be there in spirit, prayer and support. This is a tremendous loss for her family and for our community. RIP dear friend and one day we will see you again. God bless.

“ *Jill was a very special woman with such a bright life force shining and sharing her light with everyone. I saw Jill two weeks before her diagnosis when she stopped by to check on my Mom, Irene, which was something Jill did for so many, always making others feel special. Now that she is in Heaven, her light will shine even brighter and I have no doubt that she will continue checking in on everyone she loved. Her light will continue to shine with all of us within every memory of her that we have. Every time the sun shines or a ray of sun peaks through your window, she will be there. God bless her and the love and concern she shared with so many. My thoughts and prayers are with all of her family as you go through this tremendous loss. I am out of the state right now and will be unable to attend her Memorial service, but my heart will be there with each one of you.*

“ When I was diagnosed with COPD, Jill came to visit to check on me. She came back again to visit and I can't tell you how much those visits meant to me. Such a sweet soul. Jill, Jerrol and I went to school together. She never changed, always beautiful, caring and laughing and the life of the party. My condolences to Janet, Jerrol, and her immediate family.
