“ *What is a loving mom?
A mom puts your needs before her own.
A mom sacrifices for you.
A mom listens to her children's complaints
and gives them advice whether they want it or
take it.
A mom is always there for you.
A mom loves you unconditionally.
That was our mom, a loving mom.
She kept a roof over our heads, clean clothes on our backs, and
good food in our bellies.*

More specifically, my mom made special meals for me because she knew I did not like onions and green peppers. But as my taste buds changed I would always go to her house for my onion and green pepper fix. She was a wonderful cook.

My mom was my shopping buddy. We would go to JCPenney and Red Lobster twice a month until she was physically unable to go. We always had a great time. I always looked forward to our special time together. I miss my shopping buddy.

*Thanks, mom, for all you did for us.
We know you knew how much we loved and still love you.*

Love you forever,

Paulette
