“ John is my first cousin. His father and my father, Broadus, are brothers. Although I, unfortunately, did not have much interaction with John, I have a high regard for him. From my interactions, he had a nice, calming demeanor. My thoughts and prayers go out to all of his family who are grieving his passing. I hope they can find peace and that the service tomorrow will be a great tribute to his life and the goodness he radiated.

“ About 10 years ago, when my wife and I were in Hawaii to see our new twin grandsons, I ran out of my medicine. I called John and he had the medicine shipped to me, arriving in just two days. He was a dedicated pharmacist and a very kind man. He will be missed. -

“ John is one of my first cousins. His dad and my dad (Broadus) were brothers. I did not have many opportunities to be around John, but I do remember and cherish getting to talk with him at my dad's funeral. John was a very kind and loving man. My youngest son Luke's middle name is "Preston" as well to carry on that great family name. It's great to read all of the other tribute's on this page. It's obvious he blessed many people's lives. Our prayers go out to his family.

“ What a wonderful person! Our community has suffered a great loss. I loved going into the pharmacy because he always had a smile on his face & time to answer questions & chat. I know he's in a much better place...but that doesn't mean we won't miss him! Condolences to his family. RIP, my friend!

“ *my ole Buddy John .. there are so many many memories I will keep close to my heart in remembrance of you and your journey through this world and it seems somewhat un-fair to be saying goodbye but The Lord knew that it was due time to bring you on home. You taught me the ropes to oystering and I was not fond of it but it was a blast watching you do " YOUR THING " in sorting them into different cages as they grew and finally it was harvest time. Life is somewhat similar to oystering as everything that grows ... everything will be harvested. You .. my dear friend and partner in crime have been harvested by The Lord to receive your many rewards for being a good servant and a man of God for sharing your love and kindness to oh so many people in their time of need. John Preston Crowder it was a dear honor to call you my friend so please let your many good traits spread throughout this world showing love, kindness, and support to anyone who is in need as you yourself have done R.I.P. My Brother !*

“ John always made us feel worthy, loved and welcomed. We are so sorry he won't be with us at neighborhood gatherings. The love he nurtured for all of us certainly will be felt. He loved to share his WWII knowledge and artifacts. This is Weis' favorite thing to remember about him especially when he came home for the last time and regaled Quinn and Weis with those stories. I cherish that he shared his love for the river and his oyster harvesting skills with me. I fondly recall accompanying him, Mary, “Little” John and Alice for one last boat ride this past fall. Mary kept winking at me as the rain fell and we realized the trip would be cut short...but not for John. “It is a soft rain”, he told us. And indeed it was. He was always so generous with all his gifts. This is why today is so painful. Mary- we are so heart broken that we can't be there for John's send off. We hold you in prayer that you feel the NEN love and support... today and always. We love you.
