“ I sure am going to miss John whenever a situation came up within the town, I always knew that I could call John and he'd take care of it He'd give me a hard time about it, but he'd always end by saying "I'll take care of it, sweetie" ... He was a nice, caring, kind man - He often denied it, but he was! Godspeed

“ I already miss his "Good Morning, Charlie" and his big smile afterwards. No one else calls me Charlie but John. He has always been a great friend and a helpful and generous co-worker. If we needed anything taken care of we knew who to call, Dear John of course. He was there for me through some tough personal times too, he was good that way.

He will be Greatly Missed by all here staff and citizens alike. Rest in Peace John. My deepest sympathy goes to his family and friends.

“ We're going to miss all of your fussing and fuming Bird. Oh yes you had your good side too. I know you wouldn't want us to spread that around though. Love you .

“ I worked with John the whole time he worked with the Town, I learned a lot from his hard headed ways through out our relationship. John wasn't afraid to give you pointers on ways to do different things, all you had to do was use it. John will be missed dearly by a lot of close friends especially my wife and myself. R.I.P.
