“Justin will always be a big part of my life! So many firsts we experienced together, he was always ready for adventures. From his first trip to visit me in Florida to his first airplane ride, to his first visit to Las Vegas. I always enjoyed meeting all his friends that came in and out of his life. No matter what he always had the right things to say, he was always positive and just had nothing but good things to say to other people!

“ Freddie and I had a long friendship. I cared about him deeply. He would always call me and then ghost me for years. I have love for him and would have dated him but things just didn't work out for us. I miss the times we had together. RIP I will always love you and care for you deeply. This is a shock to me and I'm heartbroken. I just can't believe this.
