“ We always had the best time together! Kailee had the best sense of humor and we had tons of fun at Stillmeadow! I remember one time after she first started, she was acting a little off, not knowing her well enough yet, I called Jin. Jin came right over to the school and decided to take her home, she was carrying her out to the car, Kailee was over Jin’s shoulder, Kailee looked at us, she gave us this little wave and a huge smile!!! She faked us out and got to go home early with her absolute favorite person on the planet....her mom Jin
