I still can't believe this is real. Just a few weeks ago I was sending her words of comfort for the loss of her sweet Hannah. Lynn was always happy and had such a positive outlook on life. I'll forever hold her close in my heart. She told me several times I'd always be family to her. I truly will always remember Lynn the same way. I love you Lynn. You'll be terribly missed. ❤️😭💔🙏

“ I am still in disbelief that Lynn has left us here on earth! I know she is celebrating in Heaven but gone way to soon. I knew she wasn't well but not to this magnitude and she will be greatly missed by so many. My heart is breaking 💔 especially for her family and those 2 beautiful grandbabies that she adored! I will not make it to the viewing or funeral as I am immune compromised myself and just had 7 radio-frequency shots in my neck, but I haven't stopped praying for for all of you since I heard. God please keep your loving arms around them and provide all they need in this time of grief.

Lynn will be missed. We shared so many good times, especially during their trips to MI, when the children were young.
