“*Maureen, you were a great nanny for Sarah. She became a part of your family and Matt and I knew that without any hesitation that she was loved and well care for when we were working. You took her on beach outings, to weekly breakfast with the ladies in the neighborhood and for plenty of walks. You gave Sarah’s little flannel pad (blankie) the name “diddy.” Sarah and I still joke about her diddy. Maureen, you left a beautiful mark on our hearts and I know you will do the same in heaven. With much love, Ki Wilbur and family*

“*As a young girl I lived close to Maureen and Alan in Smithville, Canada. I loved horses and was excited when I met them because she had a Belgium horse named Teddy who lived in the garage.. Maureen lent me her and her show apparel to show in 4-H..we spent many hours riding along those country roads.. Always laughing.. Mr Snowman was an awesome horse she got off the track.. I also watched the boys when needed although they probably don't remember me..I remember their St Bernard that my collie cross dog loved accidently.. Lol... I'm so sorry her time with her family was cut short..
