“ *Becky was my foster child for about a year when she was 15 years old. We had many fun times, dancing together and just cutting up! Had not chatted for a while, but was recently thinking how she was. So sorry for her family and sending prayers for you all.*

“ *In the last 3 years, I've had a blast with Beck, I was her care taker and her cousin. I was going to the store on the weekend and she wanted to go. NP I told her but you can't tell me how to drive she agreed, I pull out and yes there was a car in front of me who braked on us all I seen was her hand waving at the window. But she never said a word.*
