“ Tonya and Marcell,  
I just learned about the loss of Ricky last night. I am sending my condolences, love and prayers to your family. As your former teacher of all 4 of you. I loved you all so much and felt a special bond with your family. I am very saddened to hear that Rickey has been taken from us too soon. I do know that despite all of the tragedies, God's love and loving arms still await you. Draw nigh to him and allow His peace and grace to get through this. Trust him completely. Yes Shawn and Rickey are frolicking again. No more pain, disappointments, hardships. Weeping may endure for a night; joy will come in the early morning light .Look to Jesus for your joy. That's where your strength lies. Love Mrs Askew-Jones

“ I love my cousin/ brother so much and I know he loved me. He truly loved his family and would do what he could for you. We got into things as kids that he took with him. I could tell him things because I knew he would keep it to himself, that's the kind of friend/ little, big cousin he was. I remember one night around 2am a friend and I got in a jam and we didn't know what to do. I called Ricky and no questions asked he was there in less than 30 minutes to get us. He made sure we were OK, never said anything else about it or told a sole. He was a true friend and protector. He taught me lessons in life and the love we had for each other helped make me the person I am today! I will miss him greatly but love him always. Gone but never forgotten. 💕
