“ Our sincere condolences to Jay-Z's wife and daughters during this very difficult time. I've enjoyed working closely with Jay for the past 7 years and he never met a stranger. He always went out of his way to help others and take care of everyone. He was a gentle giant. Continued prayers to those who loved him. He will be missed by so many.

“ We will always love you Jay and miss you so much. We are heartbroken that you left us far too soon. It is hard to accept and my heart & emotions are shattered. I will always treasure our time together. You were a fun-loving energetic sporty kid and I enjoyed all the good times we shared at home or going out bowling with dad and going horseback riding or on vacations to the beach or mountains, and just day-to-day living and feeding our rabbits and dogs and hanging out. Everything was fun with you. I cherish all my memories with you then and later on as an adult. One time you, dad, Bobbie, and Anthony drove out here to see me, while I was in college and we drive around Chicago together sightseeing. That was an awesome visit. Every time, I saw you, it was a wonderful time. I'm glad that my kids got to see you multiple times both in IL and VA. They really enjoyed swimming with Makayla and Taylor in your pool and I enjoyed catching up with you and Melissa. I enjoyed our conversations over dinners with you when you drove out here on your delivery jobs. Visited with you and Anthony and had dinner together that time you worked together during one of your truck jobs out here in IL. Good times. You'd always tell me how much you missed Melissa, Makayla and Taylor on the road and you would show me their pictures and tell me what they had been up to. I would tell you what we had been up to also and you were always sweet with my kids during each visit. You made them and me smile. You were a devoted husband to Melissa and dad to your daughters Makayla and Taylor, who you loved dearly. You were a kind and loving brother to me and uncle to my girls. You meant a lot to all your family and friends. I thought it was so beautiful reading tributes about you, how you touched so many lives in such an amazing way. You are loved by family, friends and all that you met. I love you very much and always will. I am proud that you were my little brother. You made dad and all of us proud. In Heaven, you will see dad and your mom again, which is a comfort to know. They will be overjoyed to hug you. Rest In Peace Jay. Our prayers, love and condolences go out to your beautiful family, Melissa, Makayla & Taylor. ❤️🌸❤️

“ *Sharing in your sadness as we all remember Jason. We have lots of childhood memories cared for Jason and Anthony in our home after school and summertime. We love them as our own. He would call us Mom and Dad in his adulthood. We're going to miss those pop up visits.*
