“ *Dickie will truly be missed by all who knew him. Dickie was my cousin and we were fortunate enough to grow up in a loving and caring family. We did everything together as a family. I will remember all the fun times we had but I will especially remember his broad grin and his laughter. Dickie is in a better place now with our Lord and Savior. My thoughts and prayers to Jeanne and the family.*

“ *Troy,  
Your dad was a great guy and I always enjoyed being around him. I can not tell you how many times he got me out of trouble at work; he always made himself available.*

*You used to come over to EASE sometimes and help him. Dickie talked about you a lot. He will be missed by all of us.*

“ Many of us have lost a very special friend. I raced, worked, & played with Dickie for almost 40 years. He was absolutely the toughest man that ever lived. He truly knew the joy of a wonderful wife & family. All the pain & healthcare issues he struggled with for decades were never an issue. We can all learn from him. He has enriched my life in many ways & I will surely miss him. I know he's in a better place & doesn't have to suffer any longer. Only my best to the whole Allen family in this time of sorrow. To a wonderful friend who has left us, but will never be forgotten!

“ Dickie was My Cousin, although as We grew older, We didn't get to spend a lot of time together, but whenever We got together, it was like We had just seen each other yesterday. We had such Great times growing Up, as We were raised in a Family that was very Close, spending time together came natural to Us, always laughter, teasing and Yes eating, Our Grandma was a awesome cook, and loved to do it. I'm like Gail, I choose the Happy times and fun times, Dickie You will be missed but to be with God, Your Mom, and Mine and all that are there must be Awesome. Love You ?

“ Dickie was truly a wonderful person, nice guy and all around great friend. He always had a smile on his face and had the ability to make people laugh. So many people say “The first time I met Dickie.....” and it always ended something like this “and he came up to me , introduced himself and acted like he knew me all his life... funny guy”, which was so like Dickie. He would be there for a friend in need, whether it was to take you to the doctor or needing something fixed on your car. What we will remember most is when Dickie laughed his whole body shook with a big wide grin on his face. He will definitely be missed. We are very honored to have known him and to be one of his many friends.  
Our condolences to his family.

“ Our family has lost two huge drag race fans! The thought of losing Dickie just four years after we lost Herbie brings all those memories back to the surface, as if it were yesterday. I can only think that they are both together and by now have found a new place to race and as always a new place to gather and have a great meal! That was two of their favorite past times! I like to remember the positive times that we were all together smiling.

“ *When I first met Dickie (which has been right many years ago) he had a big smile on his face and he hugged me like he knew me for years. Always said nice things. Loved his family. Talked about he would take his wife at least one night a week on a date night. Loved racing...a man whom knew so much about everything. I haven't seen Dickie in a while but the laat time he called he said Hello Sweetie how are you. My son has pictures that Dickie gave him of his race cars. My son treasures them. My son even took the pictures to school for show and tell. He looked up to Dickie... my heart, thoughts and prayers goes out to the family. Dickie will be dearly missed...*
