“ So very sorry to learn of Sharon's passing. Even though I haven't seen Sharon since my Mom passed away in 2008, I have such fond memories of visiting her family's home in Toano when we were young. My Dad and Sharon were 1st cousins but Sharon and I were closer in age. She was always such a kind person to all of us and I know her family will miss her so much. Sending my heartfelt condolences to all of you.

I remember all my summers spending time in VA with family and friends. May she rest in peace and enjoying being reunited with David and Danny. May the family rest in ease in this hard time. I am sending hugs to each and everyone of you.

“ *Tracy, Dave and Family,*

Sending you all my thoughts, prayers, and heartfelt condolences. I loved your mom very much. She welcomed me into the family from day one and I knew how blessed I was to have her in my life. She was warm and kind, witty as all get out, generous, and by far the most loving grandma to all her grandchildren. There was nothing she wouldn't do for her children and all of her family. Some of my favorite times were the simplest times, like sitting around the kitchen table having coffee and long talks, birthday parties for any one of the grandchildren, going shopping together, and our Disney trips. I will take away so many wonderful memories of her and cherish the times I had with her and that my girls had with her. I will always be here for your family. I pray that you all find peace knowing that she is whole again and beside David and Danny smiling down on us from the heavens! Love to all!

“ Tracy and Dave, I have been thinking about all the times your mom and I used to visit and talk when you guys and Karen and Kevin were young. This is one memory I will always remember...I was visiting her, sharing stories about all you guys, laughing and she suddenly stands up and says...Margaret, I have some of our favorite cookies, you want one? (pinwheels!! Yum!) I said, How do you keep them in the house, mine just vanish! She said, I know, same here! She looks at me very serious and says, I hide them in the washing machine. No one else ever opens it! We went over to her washer and after making sure all you guys were nowhere in sight, we enjoyed our precious treat! She was right, no one ever found my stash again. She's my family, my friend and I am blessed to have had her in my life. If they have any pinwheels in heaven, I know she will save me some!
