“ Steve had a sense of humor like no other. I have so many great memories of us working together. He always brightened my day, along with so many others who worked with him! Even though we hadn't seen each other in quite a few years now, he would always check in several times a year just to say hello, brag on his kids and grandkids, or sometimes just to send a “Go Gators!!” or a funny tidbit or picture. I will really miss hearing from him. Prayers and hugs to his entire family and all who knew him.

I saw Steve in Florida in 2004 when John (Judy's husband) drove my Mom and Dad from Ohio to see Mom's brother Jack who lived in Florida. She hadn't seen them in years and was thrilled. I was able to go too and we had such a great time visiting with Steve, Leslie, and Uncle Jack. We planned a second trip and met with more family. I'll never forget those days. I'm sorry Leslie and Robert for your loss. I think Steve being able to see his grandkids was a big joy in his life. He was also so proud of you Leslie. God bless you all.

“ Dale and I have considered Steve a dear friend since he and Dale were in basic training. They went through flight school together and remained connected until Steve’s death. We will miss seeing him at reunions and now keep his family in our hearts.
