“ I did not know anything about this ....I am sad...My heart goes out to you Vickie...Terri was one of my best friends when we were teenagers...I have so many great memories of her...we were together almost every weekend...I remember she and I sitting out in her yard in toano on August 16, 1977...her stepdad Frank came outside and said Elvis Presley died...we didn't believe him so we went in and it was all over the tv...we cried and now my heart cries for the loss of Terri...she was a loyal friend and we had so much fun together...I saw her years later when she was our waitress at Welcome South and we talked about all the old times...I loved her...she will never be forgotten ❤️

“ I was so shocked when I heard this! I remember as a kid going thru the woods to their house & reading for hours to Vickie & Terri when they were little. Their Dad & mine were good friends & our families used to camp together. I got to see Terri about 3 years ago when she & Vickie came to my house...the three of us sat & talked about old times....so many good memories! Vickie, I know it's so hard...the two of you were always so close...but remember she will always be with you...nothing can ever take away your memories. You're a lot stronger than you think you are. You know where I am if you need me. Love you, girl....Kathy
