“ *Theresa and I shared so many good and bad memories for 47 years, laughter, tears, secrets. We were always there for each other no matter what. My fondest memory was a trip we took to the Bahamas together oh what a time we had and I won't tell why. She did a wonderful job raising her children and helping with the grand babies, there is no one on this earth that could ever match up to her. She loved everyone and helped everyone in anyway she could and asked nothing in return. I just wish God could put more people on earth who has the love and compassion she had oh what a great world this would be. I will miss my dearest friend and I know she is basking in the sun and watching over each person who was lucky enough to know her. You will always be in my heart.*
