“ Eddie was such a kind and giving person. In the 30 years I knew him, he always had a cheerful attitude and was willing to help if he could, and honest with you if he could not. The only thing you did need to know about Eddie was that your automotive requirements must not interfere with his fishing time! The first sturgeon fish I ever saw was a dead one sitting by the wood stove in Eddie's shop alongside tools, repair parts for customers' cars, and whatever they were cooking for lunch on that stove I told Eddie I think he'd rather get caught shooting the president than having a protected species on his worktable; but he said he figured cause it was dead what use was it to anybody, he just thought it was a cool fish! Which it was. I imagine the cats got to it after they left the shop that day, I never saw it again....Laurie and the family will miss Eddie more than we know; but his Providence Forge family will never forget him. It is truly our loss and God's gain...

“ *Eddie was a good friend for over 30 years. He was one of the first people I met when I moved to the area. Not only would I see him many times a month for inspections, or borrowing something, I would often just stop by to hang out. Never did I leave the shop without feeling better then when I got there. He always seemed to raise my spirits it was simply the kind of guy he was. I'm going to miss you my friend. Rest easy till' we meet again. "Rodney Guerin"*

“ Eddie was a great brother in-law and uncle. He was such a good, kind and happy guy. He was always there if you needed help. He worked on my car many times and let me pay him later. He was one of the few people that called me by my middle name. He loved to eat and had very good taste in food... seafood. Laurie and Eddie got married in my living room over 40 years ago. Cute couple! Made for each other! Eddie didn't fuss often. Instead of disagreeing with you he would just give you that cocky smile and laugh. My mom always called him her teddy bear. We all loved him and will miss him very much. "Barbara Dean"

“ There will be many hundreds of folks out there who will say to themselves" What am I gonna do now that Eddie is gone" (myself included). Eddie was a kind and caring friend to me for 30 + years, who also happened to be my go to guy for repairs and inspections. I took it for granted that Eddie would always be there. THATS how dependable and trustworthy he was! I'll miss our chats while sitting in his office and his great laugh. My sincerest prayers for his family that I know he loved.

“ Dear Fisher Family,
When I first met Eddie I mentioned to him that I was a graduate of New Kent High School. After that, each time I took my car to be inspected, we always laughed and talked about our memories from those days.
Eddie is definitely gone to soon. He will be missed.
Cherish your happy memories.
With heartfelt sympathy and I am so sorry for your loss.

My memory I have is from last summer. I needed brakes when I got to Virginia, driving from Nashville. I had purchased the brakes before I left on my drive knowing I was going to ask Eddie to replaced them. I hadn't seen Eddie for several years. I walked in and said, do you remember me? Eddie said, of course I remember you, Cindy! His son did my brakes, Eddie said his son was more familiar with European cars. Eddie has always taken great care on my mother's cars over the years. Enjoy Paradise Eddie and that fishing pier 🐟🏠🐟 You will be missed by many. Praying for your wife and sons and the community 🙏
