“ *I don't know what to say except my family and I would literally not be where we are without Tim. Yes he built our house but he did more than that, I felt we built a friendship. From day one Tim treated me and my family as friends and I have always looked at him as a very good friend and looking at this house I remember all the conversations and jokes we had. Not a single piece of this place won't remind me of him. You will be missed Tim and my prayers for your family in this difficult time. From Frankie, Kayla, and Killian Hancock*
