“ *It has truly been my great pleasure to have shared as Velma and Elton's pastor over the last year. I've prayed with them, sat with them, read God's Word and shared communion almost every month. Some people talk about love but never really demonstrate true love. That was not the case with Elton and Velma. They had the kind of love that bears all things, believes all things, hopes all things, endures all things. The kind of love that never fails. Velma is now free from the debilitating grip of sickness and is already experiencing her new life in heaven.*

May God comfort each of you and keep you close during this difficult time. As you supported me during my recent loss, I am here to support you in any way I can.*
