Kay robin and family please know that we are with you in heart and soul. Mae you were more than an in-law to me you were my sister and my friend and even miles and years could never keep us apart. I will forever cherish all those nightly phone calls we had for years after James death. I will remember you and all the fun times we had together. you introduced me to flea markets and chili dogs with slaw. I will love you forever and I hope to see all of you in Heaven one day. I will never forget you telling me " I will love you forever and ever" and I feel the same about you sis.

I don't why I am writing my feelings here. I know you can feel them. I am so lost again. I miss my lighthouse. I need to call you and tell you what's going on and hear you tell me "There will always be two who loves you, God and Gamma." I miss you so much. Sometimes the pain is just unbearable. I feel so alone. I love you and I hope to see you soon.
