“*Vie and I grew up together in California. I don't recall when it started or ended. We were best friends and did so much together. That picture is soooo Vie. I did not know what happened to her and just found out 5/26/2024 that she passed. I do remember her brother passing away, I always thought it was just her, her mom and David. Makes one wonder why I didn't know of other family members. I'll just chalk it up to my age and a time in my life that was a good 53 years ago. Thank you Francis for bringing this information to me.*”
