“ I am so sorry to hear about the sudden loss of Wanda. She had a bright, happy spirit, and brought joy to those fortunate enough to know her. She made Virginia Department of Health a better place for her co-workers and patients. She was smart, diligent, and always gave 110% to make sure everything was done the right way. She shared her expertise with staff in other health districts in the state, and many VDH employees benefitted from her vast knowledge. I always looked forward to our conversations about how to improve processes and make things easier for staff, and she always had a fun story or anecdote to make my day. I will miss her greatly, and I know she will be missed dearly by family and friends. My sincere condolences to her family; may fond memories provide you comfort during the difficult times ahead.
